Christian Church Protracted Meeting Closed Friday.

The meeting at the Christian church, which closed last Friday evening, was well attended throughout and Elder Miller delivered a splendid discourse each evening for two weeks. His sermons were not of an offensive doctrinal character but were gems of christian thought and were worthy of acceptance by any who were fortunate enough to hear them, and he made many new acquaintances and friends while here on this visit. The regular choir furnished music and was assisted by Misses Lucile and Juliette Pope and Miss Miriam Pierce. Elder Miller will fill his regular appointment here on the third Lord's day of each month, morning and evening, to which services the public are cordially invited.

Quaid--Duvall.

Prof. T. D. Quaid, of Tishomingo, Okla., and Miss Lena Duvall, of Repton, were married at the home of the bride's parents on Tuesday, October 19th, 1915. Rev. Richardson of Mattoon, officiating. They left immediately afterward for a short bridal trip and are now at home in Tishomingo, Okla., where Prof. Quaid holds the responsible position of County Superintendent of schools. Mrs. Quaid was born and reared in this county and is a talented and refined girl of queenly bearing, and is not only strikingly handsome but belongs to a family of beautiful girls, and that she will maintain her states reputation in every way goes without saying. The Crittenden Record-Press congratulates Prof. Quaid and wishes the happy couple much joy and long life.

Russia's Millions Spent in America.

New York, Nov. 3.--The distribution of a \$57,000,000 Russian war contract for munitions and

supplies recently awarded in this country was announced today. The Bradley Construction Co., was awarded the munition contract, which totals about \$50,000,000 and includes one billion rifle cartridges. Its contract provides also for a new one man machine gun which is carried on a soldier's back. It is an American invention. A contract for five million yards of cloth for overcoats was awarded to the American Woolen company.

Russia Planning \$500,000,000 Loan To Be Raised Within Own Borders.

Petrograd, Nov. 3 (via London, 2:11 p. m.)--The Russian Government is preparing for the early issue of an internal loan of 1,000,000,000 rubles (\$500,000,000). The interest rate will be 5-1/2 percent. The loan will run for a short term.

LYESTUFFS FROM GERMANY NOW DUE.

Arrangements With Great Britain Lets Cargo through.

Washington, Nov. 3.--Fifty tons of German dyes sent to New York yesterday on the steamer Saint Louis, consigned to the secretary of commerce. The shipment is for the account of William A. Mitchell, of Lowell, Mass., representing the National Association of Cotton Manufacturers. In a statement the commerce department said: Several months ago the secretary consented to act as consignee of two cargoes of dyes from Germany for which sale passage was assured by permits granted by the British government upon the express condition that the secretary of commerce would be the consignee. The embargo upon the exportation of these cargoes from Germany has not been lifted. Arrangements were made however, by American manufacturers with the British government whereby this government has permitted the exportation to the United States of the dyes coming on the Saint Louis. It is hoped that this is the first of a series of similar shipments.

MARION'S BIG- GEST DAY

In History.--Was Last Saturday When Over 5,000 Attended School Fair.

I take this method of thanking you, one and all, for the hearty co-operation and valuable assistance given me and the loyal teachers of the county (God bless them) in making October the 30th the best day ever known in Marion and the county as a whole, in the social lives of our childhood, patrons and citizens alike. The School Fair was undoubtedly a success.

Especially, do I want to thank the teachers of the Marion Graded and High School. They are jewels, every one of them. No child can live daily under their influence and grow up to be other than a true citizen and patriot. The Marion High School orchestra and band can't be beaten, especially for loyalty, willingness and faithfulness. Especially do I thank you.

The Crittenden county teachers cannot be surpassed. They are as good as the best. No words can express my feelings toward you. I have no stronger feeling of gratitude, sympathy or loyalty for kith or kin than I have for you. We are one. Too, the good trustees are due the admiration of any people. I have never issued a call for either teachers or trustees, be the occasion what it may, but what you have responded cheerfully and gladly. I thank you.

In talking with Mr. A. S. Cannan, chief of police, whose duty it is to know of and adjust all complaints etc., he informs me that there was not a single complaint, or accident and that he heard no rough, obscene language used by any one during the whole day. He estimates the crowd at six thousand, and not a disorderly act from any one.

Again, I want to thank all that helped to make this, Crittenden County's first School Fair a success.--but what does it all mean anyway? We all have a place to fill, a work to do, a crown to win. If it is in bringing "town" and "county" closer together; making life brighter for the children; creating a greater desire for more and better school work, or whatsoever, it is only making a greater and better citizenship, and making Crittenden a better county in which to live. So let's move onward and upward. Yours for better service, E. Jeffrey Travis, County Superintendent.

Aping the Elephant

A 6-year-old boy was eating peanuts. He ate them in the usual manner for a time and then poked one up his nose. Not getting the desired results in that fashion he went crying to his mother. She tried to remove the peanut, and after failing in the attempt, called in a physician. After the peanut was removed, the physician had gone and things settled down to some extent, the mother began to demand an explanation.

"Why in the world did you want to poke a peanut up your nose, anyhow?" she asked.

"Well," replied the boy, in self defense, "that's the way the elephants eat them."--Indianapolis News.

ROBT. LEAR HOME AGAIN

Has Been in Several Successful Meetings. Below is Report of His Trip.

I am just in from a 3 months campaign, which has been one of the greatest of my 10 years in the evangelist field. I left home on the morning of Aug. 11, went to Duane camp near Mt. Vernon, Ind. We had a great camp. Rev. P. Raymond Powers was my co-laborer, he preaching twice daily and I had charge of the music and preached once daily. Many souls were definitely blessed.

My next engagement was at Water Valley Ky., a union meeting with Methodist and Presbyterian churches, that was also a great triumph. We held three services daily. I led the music and preached once every day and some days twice, the Lord wonderfully blessed us in this meeting. Many were convicted and converted in the old way (and not the new way). Strong men fell in the altar and surrendered to Christ. From that meeting I went to Portland, Tenn., to join my old friend Uncle Charlie Wimberly in a meeting in the Methodist church. I had charge of the music and preached three times each Sunday when Bro. Wimberly went to fill his appointment in his own church. The people say that was the greatest meeting ever held in the city. Scores of men and women were converted and joined the church.

From that meeting I went to the Ky. conference to hold a meeting for Bro. P. J. Ross one of the best men in the Ky. conference. The Lord graciously blessed his word in that meeting. Then I was privileged to attend our annual conference and lead the music during its session. My next engagement was Bucklin, Mo., 240 miles N. west of St. Louis. I lead the music and preached twice and three times a day for 16 days. The meeting resulted in nearly fifty conversions and accessions, also from the influence of the meeting the business houses will no longer run their businesses on Sunday. Bucklin is a fine little city situated on the Burlington and Santa Fe R. R.'s also it has an ocean to ocean highway, a Big 4 highway and two state highways that cross the entire state and it is surrounded by a rich productive country and there are some as fine people as can be found anywhere, but notwithstanding all this, some of the merchants did business on Sunday, but now the entire town is rejoicing over the Sunday closing and the good meeting the Lord gave us.

Then giving a report of myself since Aug. 11th I will say I have led the music in live revivals, sung about sixty solos, and preached about seventy-five times, with but one day's rest. The Lord has wonderful blessed me in strength of body and in voice, so that I scarcely know I have been busy, but as I am at home I think I shall take a little vacation. To Him be all the glory for the many souls I have seen blessed. Amen.

ROBERT LEAR.

Senator James, who came home to make the closing speech of his campaign in the interest of Stanley, was listened to by a crowd which comfortably filled the opera house. He left Tuesday at noon for Washington, D. C.

Council Proceedings.

At the regular meeting of the City Council Monday evening, Nov. 1st, the pool room license was fixed at \$250.00 on first table; \$100.00 on each additional table.

Marion Bank assessment was corrected.

City Tax Collector Cannan filed his report of collections \$3748.29. All claims against the city for street work, etc., were allowed. There was no special business which came up for the consideration of the Council. Mayor George Stone, presided.

Henderson's Big Vote.

Circuit Judge elect Carl Henderson's majority of 613 is the largest in the history of the county save one Learner Guess, which was 665. In another race later Dave Gilliland received twenty votes more than Guess but had stronger opposition and his majority was only 500.

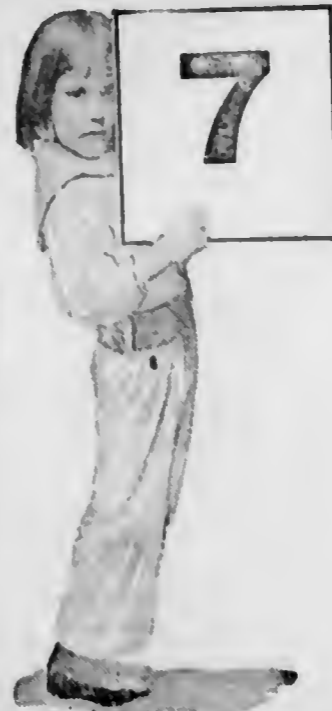

Epworth League Entertained Friday Evening.

The Epworth League delightfully entertained at the home of T. H. Cochran Friday evening with a Halloween party. The Halloween decorations were artistically carried out in pumpkins, black cats and witches. Delightful refreshments were served in the dining room. The table was decorated with fall flowers as a centerpiece and around this were black cats and ferns.

Contests and games were enjoyed by more than fifty guests.

Republican Landslide.

The returns from the Governor's race are coming in slowly, and both sides claimed to have won at 2 o'clock Wednesday. It is, however, conceded that Jas. D. Black, the Democratic candidate, has won the Lieutenant Governor's race. At 3 o'clock Wednesday as we go to press, the newspaper reporters at Louisville are wiring to Cincinnati and Washington afternoon papers that Stanley has won by a very narrow margin.

Lilly Dale	11	2
Midway	5	5
Belmont	4	2
Piney Fork	3	4
Red Top	2	3
Prospect	2	1
Lone Star	2	1
Odessa	1	2
Lamb		3

As some of the Judges failed to hand in their reports this is only a partial list of the winners. Meet us at the Fair again in 1916.

A Horrible Mistake Corrected.

Marion, Ky., Oct. 1st, 1915.
Mr. S. M. Jenkins,
Marion, Ky.

Dear Sir,

Am writing in regard to a serious mistake in your paper. Will you please correct it? I sent to your paper, an account of a picnic Oak Hall went on, which one of my pupils wrote and in this was an account of an acorn battle which occurred. You had the following:

"The girls got to throwing 'KISSES' at the boys and followed acorn battle." It was an astonishing mistake, it was.

"The girls got to throwing 'ACORNS' [not kisses, by no means] hitting the boys with them and causing an acorn battle."

Please correct it. It may be that you made a mistake or as a joke, but as joke it suited neither pupils or teacher. But the girls at Oak Hall, [most certainly] did not throw kisses at the boys, on the picnic or anywhere else.

I hope you will print a correction.

I remain,
Eula B. Gass.

PROVIDENCE H. S. WINS FROM MARION.

Score Was 26 to 0 In Favor of P. H. S.--Play Morganfield Saturday.

(Providence Enterprise)
The Providence High School football team came home from Marion Saturday evening in great glee. They had met the enemy and he was theirs. They had taken Marion's scalp and while some of them had the skin rubbed off in places, legs, arms and "slats" were all intact. They were treated nicely by the Marion lads and hope to meet them again soon. The score was 26 to 0 in favor of Providence.

The Local Newspaper

"Stand by your town newspaper. If there is anything in your town worth talking about, ten chances to one your little town paper had a hand in putting it there, and if there exists any unsightly or unsavory nuisance, twenty chances to one it will stay there until your town editor sees it or smells it and wipes his pen on the town board's breeches. If anybody beyond the walls of your little burg ever learns that there is such a place as Peaceville, it will be through the town oracle.

"Every village gets its moneys worth in the village newspaper. It's the wagon that carries all your good things to market. It ought to be kept in good repair. In many cases it would pay to grease it, paint it, keep its running gear in shape and shelter it at the public expense.

"Stand by your local newspaper. It's the guardian and defender of every interest, the fore runner and pioneer of every advance movement and the sturdy advocate of law and order. Take it away, and it would not be six months before the town would look as if it had been doped. Business would drag, society would yawn and grass would grow between the cobbles."—Publisher's Auxiliary.

credibly, but which is vouched for by reliable persons, was told us on Wednesday morning by E. L. Bingham. As the story goes, the farmers in the Cabbage neighborhood have for some time been raising young pigs and lambs, and their disappearance has been credited to a big rattle snake, which had his home on Bush Mountain. Last week a little son of a Mr. Wilder, accompanied by his dog, went out on the mountain. The dog, which was some distance ahead of the boy, was heard to give a yelp, and a few minutes later came running back to his young master, dropping dead at his feet. The boy went on to see if he could discover the cause of the dog's death, and found a huge snake. He went back to the house and told his father of his discovery. Mr. Wilder shouldered his gun and soon found his snakeship, which he shot to death. The snake which was a rattler, measured twelve feet in length, weighed over 100 pounds and had forty-five rattles and a button. —Pineville Sun.

Enemy of the Mosquito

The duck is said to be the most formidable natural enemy of the mosquito, and the introduction of this bird is recommended for eliminating mosquitoes and the diseases which these insects spread from marshy regions where draining would be too costly. In a recent experiment two artificial pools were constructed of equal area, ducks being placed in one and fish in the other. The former pool was quickly freed from mosquito pupae and larvae, while in the other they continued to abound. Wild ducks are said to prefer mosquitoes to all other food. —Exchange.

Home Industries First

Nearly all of the newspapers of this country are interested in their own respective communities first, last and all the time. When the average man is asleep in his home—or somewhere else—there is generally an editor pounding away to his interest and printing matter in his defense or in defense of the community—which is the same thing.

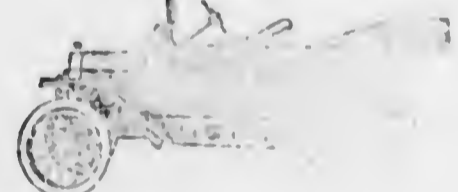

But that is not the point. The point to this little pamphlet is a paragraph from a Western newspaper, which shows the unique satire which an editor uses in calling attention to the desirability of having people patronize those who aid in the upbuilding of the community, rather than trading with mail order houses in distant cities, who are not interested in the local community. Hear him:

"We have written to Montgomery, Ward & Co., and to Sears, Roebuck & Co., of Chicago, calling their attention to the condition of the road south of town and asking for contributions to help repair it. These firms enjoy a large trade in this territory, and as they do not pay any

taxes here, they will no doubt cheerfully make a substantial cash contribution for such a worthy cause."—Ashland Independent.

N SOCIETY

A delightful Halloween bridge
party was given Friday evening
at the home of Mr. and Mrs.
Wm. Barnett.

Those participating being,
Misses Marian Clement, Eva
Clement, Cora Dee Eldred, of
Princeton; Ruth Croft, Madeleine
Jenkins. Messrs. Douglas Clem-
ent, Robert Jenkins, Gabe Abell,
Maurie Nunn, Bruce Babb, Mr.
and Mrs. Sam Gugenheim. Har-
old McDonald and Mrs. Kath-
erine Thomas.

The guests were met at the
door by a witch, who ushered
them up stairs where each one
was given a mask and sheet; the
ghosts were then bidden to walk
and find their partners, after
which several delightful games
of bridge were indulged in.
Jack o'lanterns and black cats
and other Halloween suggestions
were in evidence everywhere and
especially attractive was the
dining room where delicious
chicken salad, sandwiches, olives,
coffee, brick ice cream, in the
shape of pumpkins and angel
food cake, were served.
Tiny black cats were the
favorites.

Miss Marian Clement was hos-
tesse to a charming bridge party
Thursday evening in honor of

Mr. and Mrs. Samuel Gugen-
heim, it being the tenth anni-
versary of their marriage, and
Miss Cora Dee Eldred, of Prince-
ton, who was Miss Gugenheim's
guest last week.

Miss Cora Dee Eldred won
first prize, a pair of gold shirt-
waist pins. Second prize being
won by Mrs. Wilbur Haynes.
The gentleman's prize was cap-
tured by Mr. Sam Gugenheim.

Delightful creamed oysters on
toast, pickles, cheese, sandwiches
and coffee were served to seven
tables of guests.

Mr. and Mrs. Gugenheim were
the recipients of many useful tin
articles.

Mrs. J. Houston Orme's kitch-
en shower Wednesday afternoon
honoring Miss Maude Flanary,
was one of the prettiest parties
of the week. As the guests
arrived their gifts were placed
in an autumn basket of yellow
and brown.

The afternoon was spent at
auction. At the conclusion of
the game, Miss Flanary was pre-
sented with the gift basket. The
ice course which was served to
the eight tables of guests was
most attractive and typical of
the early fall, the ices being in
the form of partially husked
corn. Favors were also ears of
corn, filled with mints. Mrs. C.
S. Nunn received with Mrs.
Orme, while the Misses Blue and
their guest, Miss Browning, of
Falmouth, Ky., stood in line with
Miss Flanary.

MEMBERS OF MADISONVILLE BAR HONOR OFFICIALS

Resolutions Praising Fairness of Retiring Circuit Court Judge J. F. Gordon.

Circuit court which has been in session for the past four weeks, closed last Saturday morning, after the last regular term over which Judge J. F. Gordon and Prosecutor John Grayot will preside. The members of the Madisonville bar, together with the officials of the courthouse, in resolutions adopted and published below, paid high tributes to the retiring officials.

A beautiful seven foot mahogany hall clock was presented to Judge Gordon, Judge Yost delivering the presentation speech. A Westminster chime clock was presented to Mr. Grayot, Ruby Laffoon making the address.

All of the members of the bar were present and all made short remarks.

The resolutions adopted follow: The Committee on Resolutions appointed by the Bar of the City of Madisonville, Hopkins county, Kentucky fittingly to memorialize the retiring, faithful and acceptable official in office of Hon. J. Fleming Gordon, Circuit Court Judge of the North Judicial District, beg to submit the following:

With sincere regret that we are to lose the proximity of the services of these two esteemed public servants.

Hon. J. Fleming Gordon has presided as our Circuit Judge for the past fourteen years. His administration has been marked from the beginning by a wisdom, impartiality and an unblemished fairness which has inspired only from a pure and unbiased mind. His every decision, whether rendered without time for deliberation and in the heat of trial or after long thought and consideration which he was accustomed to ungrudgingly give to the questions before him when opportunity presented itself, portended the logical progress of a highly trained, powerfully analytical, unerringly brilliant mind. His absolute fearlessness, his whole-souled earnestness, his love of honor, justice and truth, combined with the extraordinary gifts above mentioned have made him an ideal Circuit Judge. No bench in the state has been so ably filled than that of this district during his term of office. The good people of the community lose a Gibraltar strength in the judiciary, the members of the bar a kind and patient counselor and friend with the conclusion of his services in the office which his talents have so honored.

Hon. John L. Grayot began his service as Commonwealth's Attorney twenty-three years ago at the time the youngest Commonwealth's Attorney in the state. His administration of the affairs of that office have secured for him a position of love and respect in the minds and hearts of the people generally and the bar. His devotion to duty has left no doubt of his honor and his keen sensibility. His remarkable ability as a prosecutor has led toward keeping peace in the district.

Therefore, we resolved, as members of this bar, these two distinguished and our heartiest expressions of esteem, admiration and affection today conclude service with us in their

Electricity should be your servant.

Few women realize the uses to which electricity can be put in their homes, as a means of simplifying the house work, which is, at times, detested.

The same wires that now serve you so well with light are ready to bring to you new comfort, convenience and enjoyment thrown in.

Next to the easy availability of electricity in most homes is its low cost. You all know of the small cost of burning one electric lamp. For operating most of these devices the current consumption is no greater than an ordinary Mazda lamp, if as much.

There are the electric toaster and the many other heating devices for the easy preparation of food, and the little step-saving inter-phone for communication from room to room.

And then there are those wonderful labor savers, the motor; the electric iron and washing machine.

All these devices are sold and guaranteed by James Clark Jr. Electric Company, dealers in all kinds of electrical supplies.

A million is not quite the number of satisfied customers of James Clark Jr. Electric Co's., appliances. There are more than a million. If you're not one you should be.

Why Editors Are Rich

A child is born in the neighborhood; the attending physician gets \$10. The editor gives the loud-mouth youngster and the happy parents a send-off and gets \$0.

When it is christened the clergyman gets \$10 and the editor gets \$00.

It grows up and marries. The editor publishes another long-winded article and tells a dozen lies about the "beautiful and accomplished bride." The clergyman gets \$10 and a piece of cake and the editor gets \$000.

In course of time it dies. The doctor gets from \$25 to \$100, and the undertaker from \$50 to \$200, the editor publishes a notice of its death and an obituary two columns long, lodge and society resolutions, a lot of poetry and a

free card of thanks, and gets \$0000.

Nine Reasons Why

Men Should Not Vote.

(Meant to be funny and it is funny from one woman's point

of view, because it is the same kind of argument put forth against women voting.)

1. Man's place is in the office, field or factory, making a living for the family.

2. Politics would take a man out of the home even the very small amount of time he might otherwise devote to his family.

3. If men vote they will want to hold office, and everybody knows how deteriorating it is for a man to hold office, and how severely his private interests suffer.

4. Men are creatures of impulse. It is the regular thing for political conventions to stampede.

5. Bad men—procurers and white slavers—would come out of their dens on election day and vote.

MRS. M. JOSEPH SAYS 'EXCELLENT'

Louisville Woman Asserts Tanlac Benefitted Her Wonderfully.

Louisville, Ky., Nov. 3.—Mrs. Minnie Joseph, wife of Louis Joseph, the well-known employee of Fontaine Ferry Park, is among the hundreds of Louisville people who recently have endorsed Tanlac. Mrs. Joseph said: "I have suffered from nervous debility several years. My system was all run down. I had nervous headaches and was greatly depressed in spirits."

"I used a number of preparations in the hope of bettering my condition, but nothing seemed to accomplish the right results until I began taking Tanlac. Tanlac has proved a most excellent tonic in my case. It relieved me wonderfully. I am so much better and I will gladly recommend this medicine."

Tanlac, the premier preparation can now be had in Marion at J. H. Orme's drugstore, and in Blackford at A. T. Brown's drugstore. Advertisement.

WORK TO START AT EARLY DATE

On New I. C. Line Which Takes In Pope and Hardin Counties.

The mineral districts of northeastern Pope and the hinterland of Hardin county, northward from Shilohville and Roschare are nearer to the realization of their long cherished dream of direct railroad connection north and south, than they have ever been before. Rumors of projected railroads have from time to time created fresh hopes in the minds of farmers and owners of mineral properties in that section of the state for years but not until it was definitely given out that the Illinois Central has taken the subject into hand, has there been anything like certainty about such enterprises. Now the people over there are convinced from the activities of the Illinois Central that the completion of the Metropolis Bridge will be contemporaneous with the finishing work upon a Chicago-New Orleans trunk line railroad built by the Illinois Central that shall serve the Ohio at Metropolis passing through Pope and affording Golconda a direct north and south line thence through northeastern Pope and the west end of Hardin affording shipping facilities for the vast deposits of the fluor spar fields that are then certain to be developed upon a scale that will outclass anything heretofore seen in that section and traversing Gallatin and White counties, unite Grayville with the Peoria, Decatur and Evansville line of the Illinois Central. The projected line has been surveyed so often that there will be no delay from that score and it is anticipated that the dirt will begin to fly at an early date.—Marion Leader.

Report of Crittenden County Fair and Stock Show Held on October 29th, 1915, in Maxwell

Total premiums won and paid	\$152.25
Total gate receipts	\$146.25
Private subscription by Mr. Dupuy	2.00
" " Mr. Geo. Roberts	1.00
" " Mr. D. Postleweight	1.00
Total	\$150.25
Total Expenditures and incidentals	20.00
Total	\$172.25
Balance	\$22.00

I take this opportunity to correct some reports that have been spread around the county. The business firms of Marion did not offer to pay all premiums, nor did they pay any part of the premiums. We tried to put on a self supporting fair, as all county or state fairs are run. We could not keep open gate, and pay premiums. We hope every one that attended was benefited and will join hands and help us have a better fair next year.

Every Member of the Family Can Enjoy Underwear Comfort this Fall and Winter

There are many different styles, weights and grades in our selection of underwear for fall and winter and is underwear that we can heartily recommend because we know that it will give a good fit and retain its shape.

Safeguard the entire family by supplying all their underwear. Don't let Jack Frost catch you unawares. Be ready for the first cold wave.

Children's Union Suits, 25c; 50c and 75c.

Misses' Union Suits, 50c and \$1.00.

Ladies' Union Suits, 50c to \$3.00.

Men's Union Suits, \$1.00 to \$2.00, two piece, \$1.00 to \$2.00.

MAYES & CAVENDER, MARION, KY.

These underwear are especially designed to withstand the cold winter weather. They are made of the best quality material, have extra heavy sole, and are in either medium or high cut, and they will keep your feet dry and warm, and with stand up to the hardest frock of rough wear.
